

EdLink Strategic Training

Module 2

June 21, 23, 24, 2021

Objectives

- Understand EdLink 360 extract file types and naming conventions
- Understand PowerSchool sFTP folder structure
- Understand what's included in the EdLink 360 extracts

Agenda

- EdLink 360 Extract Review
- EdLink Dashboard Preview
- Next Steps

EdLink 360 Extract File Types

The EdLink extract files are similar to the ones that data managers currently pull from their local system for uploading data to the various LDOE application systems. The EdLink extract files represent data currently sent to LDOE and new data fields that will be used to provide additional functionality for data analysis, dashboard display and reporting.

The specific extracts use both standard and extension file extract specifications. The extension extract is joined on the primary key which essentially adds more fields to the standard extract:

- **standard extracts** – include standard fields defined in the EdLink 360 Data Warehouse
- **extension extracts (_ext)**– include additional fields not already available in the EdLink 360 Data Warehouse but are required by LDOE.

PowerSchool sFTP Server Folder and Extract File Structures

School systems who work with vendors may be able to use vendor established procedures for uploading extracts to the PowerSchool sFTP. Job scheduler software such as CRON can be used to set up jobs to run periodically at fixed times, dates, or intervals for the automated delivery of extract files to the PowerSchool sFTP server. Data managers should contact their vendor for information and guidance.

The PowerSchool sFTP server houses a folder for each school system with a district rooted in their own directory (*e.g. 001 for Acadia school system's directory name*)

- Extract files should be placed in the appropriate directory. Case of the directory name does not matter.
- Extract file name must be in **lower case** along with the **.tsv** extension (e.g. **staff.tsv**)
e.g. /File_Extracts/***Name of the directory/name of the extract file***
 /File_Extracts/Calendars/calendars.tsv
 /File_Extracts/Calendar_Ext/calendars_ext.tsv
- Specific extract files should be submitted along with their corresponding extension file (e.g. **staff.tsv** and **staff_ext.tsv**)
- **At any given time, only 1 file should exist in a directory.** Vendors should overwrite their existing extract files for each submission as **EdLink will not delete any of the files.**

Tables Used for Code Lookup and Validation

TBL Reference Tables

- Certain tables are used to identify code sets and descriptions for data used in **EdLink 360**
- These code sets are submitted in the various extracts and the corresponding codes and/or descriptions are displayed on the EdLink 360 dashboards.
- Categories of tables include the following:
 - Calendar Terms & Holidays
 - Absence Reasons
 - Entry & Exit Reasons
 - Diploma Types & Endorsements
 - Course Types
 - Assessment Types
 - Option Codes
 - Language Codes
 - Program Codes
 - Funding Codes
 - Discipline Codes, Events, Actions
 - K-3 Attributes
 - Homeless Codes
 - 504 Codes & Accommodations
 - Foreign Language Codes
 - Object Function Codes
 - Employee Status Codes
 - Salary Codes
 - Tenure Status Codes
 - Education Level Codes
 - Transcript Attributes

Student TBL Tables and Staff Reference and TBL Tables are posted on the [EdLink 360 support page](#) and documented in the [EdLink 360 User Guides](#).

CALENDAR Extracts

CALENDAR Extracts

Posted under **CALENDARS** on the [EdLink360 page](#), the **calendars.tsv** and **calendars_ext.tsv** extracts include records that identify district and school level calendar information. These records describe all calendar days within the full school year beginning with the first day of school through the last day of school including student instructional day, staff days, holidays, and other school closures.

FTP Folders: /File_Extracts/Calendars/**calendars.tsv**
/File_Extracts/Calendars_Ext/**calendars_ext.tsv**

CALENDAR Extracts (contd.)

There are three different calendar types that can be created:

- **District:** This is the default calendar for a district. This calendar is required.
 - CALENDAR_CODE = "District"
 - LOCAL_SCHOOL_KEY = "ALL"
- **School:** This type of calendar would be created if there is a need to develop a school calendar when there are different attendance days for a school within a district. Records in this calendar override the **District** calendar. This calendar is optional.
 - CALENDAR_CODE = Site Code
 - LOCAL_SCHOOL_KEY = Site Code
- **School Group:** This type of calendar would be created if there is a need to develop a different calendar for a grade or group of grades within a school. Records in this calendar override the **School** and the **District** calendar. This calendar is optional.
 - CALENDAR_CODE = Site Code + Grade
 - LOCAL_SCHOOL_KEY = Site Code

CALENDAR Extracts (contd.)

Using a DATE_TYPE field, all calendars include records that describe the entire school year, each semester, each term, each closure and each day of the school year when staff only or when students and staff are expected in to be in attendance.

- **YEAR:** For the school year, is a single record that identifies the first and last day of school.
- **SEMESTER:** For each semester, a record that identifies the first and last day of the **semester**.
- **TERM:** For each term, a record that identifies the first and last day of the **term**.
- **CLOSURE:** For each closure, includes one or more records identifying the date of each closure (this includes the 5th day in the week for a 4-day school week).
- **DAY:** Includes a single record for each day of the school year when **students** are expected to be in attendance.
- **STAFF_DAY:** Includes a single record for each day of the school year when **only staff** is expected to be in attendance.

Refer to [Sample-CALENDARS-Extract files](#):

“CALENDAR” TBL table for calendar attributes

The new “CALENDAR” TBL table contains codes that identify calendar attributes contained in the **calendars.tsv** and **calendars_ext.tsv** extracts. The descriptions for the codes will be displayed in the EdLink 360 dashboards.

STUDENT Extracts

STUDENT Extracts

There are several student extracts which include records that provide detail information about students within a school district including attendance, enrollments, discipline, class schedules, program membership, homeless, transcripts, credentials and assessments.

For extracts related to student data, the data is aligned by specific fields that uniquely identify the student (e.g. *SCHOOL_YEAR*, *DISTRICT_CODE*, *LOCAL_SCHOOL_KEY*, *LOCAL_STUDENT_KEY*, *CALENDAR_CODE*, etc.).

STUDENT Demographic Extracts

Posted under **STUDENTS** on the [EdLink360 page](#), the **students.tsv** and **students_ext.tsv** extracts provide demographic information about students. Some of the student data is submitted in the extracts by school systems and the other data is supplied by proxy and other application systems (SNAP, TANF, MERIL, SER, etc.).

FTP Folders: /File_Extracts/Students/**students.tsv**
/File_Extracts/Students_Ext/**students_ext.tsv**

Please refer to the [EdLink 360 Student User Guide](#) and the extracts for a description of how data is populated in specific data elements included in these extracts including:

- English Proficiency data
- Gender and Ethnicity/Race data
- Address data
- Transcript and IBC data

ATTENDANCE Extracts

Posted under **STUDENT ATTENDANCE** on the [EdLink360 support page](#), the **attendance.tsv** extracts include records of student absences (negative attendance) reported at the school level for each day or half day in the school year calendar when a student is expected to be in attendance but is absent. The extract also includes records of student tardiness.

New for the 2021-22 school year, high-level absence reasons are reported in the ABSENCE_REASON field using codes from the “ABSREAS” table.

- "01" = Non-exempted, Excused absences
- "02" = Exempted, Excused
- "03" = Unexcused Absence
- "04" = Suspension

FTP Folder: /File_Extracts/Attendance/**attendance.tsv**

ENROLLMENT Extracts

Posted under **ENROLLMENTS** on the [EdLink360 page](#), the **enrollments.tsv** and **enrollments_ext.tsv** extracts include records that describe each enrollment for a student within a specific school system including entry dates and entry reason, exit date and exit reason, entry grade, funding codes, truancy indicators, homeless indicators and lunch status.

FTP Folders: /File_Extracts/Enrollments/**enrollments.tsv**
/File_Extracts/Enrollments_Ext/**enrollments_ext.tsv**

DISCIPLINE Extracts

Posted under **DISCIPLINE** on the [EdLink360 page](#)

Discipline Incidents:

The **discipline_incidents.tsv** and **discipline_incidents_ext.tsv** extracts include records that describe discipline events

FTP Folders: /File_Extracts/Discipline_Incidents/**discipline_incidents.tsv**
/File_Extracts/Discipline_Incidents_Ext/**discipline_incidents_ext.tsv**

Discipline Offenses:

The **discipline_offenses.tsv** and **discipline_offenses_ext.tsv** extracts include records that describe the discipline offenses committed.

FTP Folders: /File_Extracts/Discipline_Offenses/**discipline_offenses.tsv**
/File_Extracts/Discipline_Offenses_Ext/**discipline_offenses_ext.tsv**

DISCIPLINE Extracts (contd.)

Discipline Persons:

The **discipline_persons.tsv** extracts include records that describe all individuals involved in the discipline action including the person who committed the offense, reported the offense and was the victim of the offense.

FTP Folders: /File_Extracts/Discipline_Persons/**discipline_persons.tsv**

Discipline Actions:

The **discipline_actions.tsv** and **discipline_actions_ext.tsv** extracts include records that describe the action taken as a result of a discipline incident.

FTP Folders: /File_Extracts/Discipline_Actions/**discipline_actions.tsv**
/File_Extracts/Discipline_Actions_Ext/**discipline_actions_ext.tsv**

PROGRAM MEMBERSHIP Extract

Posted under **PROGRAMS** on the [EdLink360 page](#), the **program_membership.tsv** extract includes records that identify students who are participating in specific programs. The programs are identified in the **programs.tsv** extract that is supplied by LDOE.

FTP Folder: /File_Extracts/Program_Membership/**program_membership.tsv**

HOMELESS Student Services Extract

Posted under **HOMELESS** on the [EdLink360 page](#), the **homeless_services.ext** extract includes records that identify homeless services received by a homeless student at least once during the school year. This information was previously provided in the legacy SIS system via online data entry.

FTP Folder: /File_Extracts/Homeless_Services/**homeless_services.tsv**

Reporting Homeless Student Services Data

- Homeless services data should be submitted to EdLink 360 to show a specific homeless service was provided at least once during a specific month.
- For a given student there would be maximum of 21 records (1 for each homeless service).
- The homeless service data should be recorded and submitted by the end of each month in the **homeless_services.tsv** extract. Refer to the [SAMPLE PROGRAM MEMBERSHIP Extract](#)

EXAMPLE: Assume homeless service **07-Tutoring** was provided for a specific student on dates: **March 1, March 3, March 22, April 7, May 3, and May 15.**

Using the EXAMPLE above, a record for homeless service **07-Tutoring** should be submitted to EdLink 360 to capture homeless services for March, April and May.

- For the month of March, an initial record should be sent for the student
 - **HOMELESS_SERVICES_CODE = 07 [Tutoring]; MARCH_INDICATOR** field set to “Y”
- For the months of March and April a single updated record should be sent for the student
 - **HOMELESS_SERVICES_CODE = 07 [Tutoring]; MARCH_INDICATOR = “Y”;**
APRIL_INDICATOR = “Y”
- For the months of March, April, May a single updated record should be sent for the student
 - **HOMELESS_SERVICES_CODE = 07 [Tutoring]; MARCH_INDICATOR = “Y”;**
APRIL_INDICATOR = “Y”; MAY_INDICATOR = “Y”

K-3 ASSESSMENT Extract

Posted under **K-3 ASSESSMENTS** on the [EdLink360 page](#), the **k3_assessments.tsv** extract includes records that describe kindergarten entry assessment results and kindergarten through 3rd grade literacy assessment results.

FTP Folder: /File_Extracts/K3_Assessments/**k3_assessments.tsv**

STAFF Extracts

STAFF Extracts

There are several staff extracts which include records that provide detail information about regular, vacant and contract staff including demographic data, absences, assignments, class schedules and mentor/resident teacher information.

For extracts related to staff data, the data is aligned by specific fields that uniquely identify staff (e.g. *SCHOOL_YEAR*, *DISTRICT_CODE*, *LOCAL_SCHOOL_KEY*, *LOCAL_STAFF_KEY*, *LOCAL ASSIGNMENT_KEY*, *LOCAL_COURSE_OFFERINGS_KEY*, etc.).

STAFF Extracts

Posted under **STAFF** on the [EdLink360 page](#), the **staff.tsv** and **staff_ext.tsv** extracts include records that provide detail information about staff including demographic data.

FTP Folders: /File_Extracts/Staff/**staff.tsv**
/File_Extracts/Staff_Ext/**staff_ext.tsv**

The **staff_assignments.tsv** and **staff_assignments_ext.tsv** extracts include records that provide detail information about staff teaching assignments.

FTP Folders: /File_Extracts/Staff_Assignments/**staff_assignments.tsv**
/File_Extracts/Staff_Assignments_Ext/**staff_assignments_ext.tsv**

The **staff_absences.tsv** extract includes records that provide detail information about staff daily absences.

FTP Folder: /File_Extracts/Staff_Absences/**staff_absences.tsv**

The **staff_payroll_ldoe.tsv** extract includes records that provide information about payroll staff.

FTP Folders: /File_Extracts/Payroll_LDOE/**payroll_ldoe.tsv**

CONTRACT STAFF Extracts

Posted under **Contract STAFF** on the [EdLink360 page](#), the **contract_staff.tsv** and **contract_staff_ext.tsv** extracts include records that provide detail information about staff including demographic data.

FTP Folders: /File_Extracts/Contract_Staff/**contract_staff.tsv**
/File_Extracts/Contract_Staff_Ext/**contract_staff_ext.tsv**

The **contract_staff_assignments.tsv** and **contract_staff_assignments_ext.tsv** extracts include records that provide detail information about staff teaching assignments.

MENTOR TEACHER and RESIDENT TEACHER Extract

Posted under **STAFF** on the [EdLink360 page](#), the **mentor_teacher_link .tsv** extract provides information about mentor and resident teachers.

Please refer to the [Mentor Teacher and Resident Teacher Overview and FAQ](#) document posted on the [EdLink 360 Support page](#).

FTP Folder: /File_Extracts/Mentor_Teacher_Link/**mentor_teacher_link.tsv**

Mentor Teachers, Content Leaders, and Intervention Content Leaders (contd.)

Descriptions of Roles

Mentor Teacher

- Mentor Teachers provide directed support to undergraduate teacher residents through a co-teaching model, post-baccalaureate teacher residents who are teaching while earning their initial license, or experienced teachers in need of support. Their responsibilities include but are not limited to: providing one-on-one coaching, reviewing instructional materials and student work, and leading frequent observation/feedback cycles.

Content Leader

- Content Leaders provide content- and curriculum-specific professional development to teachers in their school and school system using turnkey session materials. Their responsibilities include but are not limited to: Redelivery of content modules at school and school system professional development days and leading professional learning communities in schools.

Intervention Content Leader

- Intervention Content Leaders support unit and lesson study during common planning time with a focus on students with unfinished learning. They help teachers in ELA or math content understand the curriculum connected supports that exist in order to provide access to a high quality curriculum for all students.

Course Offerings, Student and Staff Class Schedules

COURSE OFFERINGS Extracts

Posted under **COURSES-CLASS OFFERINGS-SCHEDULES** on the [EdLink360 page](#), the **course_offerings.tsv** and **course_offerings_ext.tsv** extracts include records that describe the section of classes taught by staff, contract staff and vacant staff. In addition includes the language code used for teaching each immersion class.

File Errors Dashboard

Errors are present in the file that **PREVENT** processing.

There are issues with the extract.

- Vendor's programming is incorrect or LEA created extract is incorrect
- Contact the Vendor or review file requirements per extract to fix the issues
- These should be resolved once and not recur

Some examples of **file errors**:

- Incorrect delimiter, File Type, or Encoding
- More columns than in Extract Specification
- Required Columns Missing from Extract

Record Rejection Dashboard

These issues are generally due to errors in the data itself in the system of record or vendor extract **missing required fields**

Some examples of **file record rejection** errors:

- Data does not match data type for column
- Data exceeds length specified for column
- More than one record with same key

EdLink Training Reminders

7-Week EdLink Training

Data Systems & User Support team will be offering a 7 week training series designed to get LEAs ready for EdLink Go Live in August. Weekly training topics and the invitation for the weekly meeting was sent to all data managers on Thursday June 9th.
